

ELECTRONIC GREENSLIPS

The *Electronic GreenSlips* service is designed to reduce the time and cost of book selection and collection development by providing bibliographic information on newly-published monographs and serials of interest to law libraries.

- Comprehensive database dating back to 1994 containing bibliographic information for nearly 58,000 legal titles
- New serials and periodicals included in listings
- Edited by librarians
- Create, customize, and manage multiple account profiles
- Search the current and archived listings
- View, save, print, email, or download selected results

Customize Profiles

Through the Account Management feature, users are able to create an **unlimited number** of user profiles for faculty and staff and to individually customize each user profile.

Customization can be done to filter the bibliographic information in the user's notification by book type, jurisdiction, and specific subject areas. Notifications can be further customized as to email format and frequency.
