FEDERAL, STATE, LOCAL, AND INTERNATIONAL LAWS ON THE INTERNET: A Legal Research Guide 2nd Edition By Antje Mays

The world of legal research has exploded with a vast, ever-growing array of online law-related research databases. Today, choices on the Internet range from the highly specialized to the very general, from the Code of Hammurabi to United States Supreme Court decisions.

The web sites listed in this pathfinder are free-of-charge, and should be considered to complement, rather than replace, the commercially-published legal sites. Search engines and web sites are included for locating Federal laws, State and Territory Laws, as well as International laws. Additional coverage is also included to aid in locating the specific laws of foreign countries.
