

# Gibson's New York Legal Research Guide Fourth Edition

William H. Manz  
St. John's University School of Law

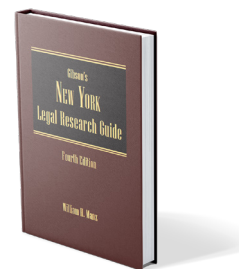

## THE MOST INFORMATIVE EDITION WRITTEN TO DATE

Gibson's New York Legal Research Guide, Fourth Edition is the latest edition of the most comprehensive legal research guide for New York State and New York City law. This award-winning guide has again been updated to accommodate the ever-changing laws of New York and contains complete coverage of the rich legal history of the City and its current primary and secondary legal research sources.

This guide is essential to studying New York Law and a must-have reference book for any attorney, paralegal, law librarian, law professor, or student performing legal research on New York!

Manz's additions and improvements help make Gibson's New York Legal Research Guide, Fourth Edition the most informative edition written to date. Every effort has been made to cover new developments since the last edition in both print and electronic sources of information, including the presence of a new major legal research service, Bloomberg BNA, and the online availability of many old, out-of-print titles. As for Internet addresses, constant change inevitably results in rapid obsolescence of much of that information throughout the book. Information is provided that will assist researchers in updating web addresses as necessary.

Manz's third edition of Gibson's New York Legal Research Guide was awarded the Joseph L. Andrews Bibliographical Award by the American Association of Law Libraries in 2005.
