Such notable names included are: Ogden Hoffman, George Barker, William Bryan, James Mullet, Henry Smith, Vincent Mathews, John Young, George Homer and William Hawley.

THE COLLECTED PAPERS OF PAUL VINOGRADOFF With a Memoir by The Right Hon. H.A.L. Fisher

Paul Vinogradoff

This 2-volume set has sub-headings of Historical (Vol I) and Jurisprudence (Vol II) with a total of 46 essays. Hon H.A.L. Fisher's introduction provides a biographical sketch of Vinogradoff to introduce the work. "We believe Mr. Fisher is entirely right in saying that Vinogradoff 'ranks high among the intellectual athletes of history' and that 'if a list be made of those who...have rendered illustrious service' to the advancement of the critical departments of law 'the name of Vinogradoff must be inscribed upon it.' Vinogradoff has set many things right in legal and social history, but he will be longest remembered as a powerful catalytic force which decomposed many historical errors and produced changes of the highest importance in the whole field of historical research, especially as applied to law in England." -38 Yale L.J. 833-837 (1928-1929)

BRANDEIS - A Free Man's Life

Alpheus Thomas Mason

AALS Law Books Recommended for Libraries, List 7, Biography, Page 3, "A" Rated.

The primary authority on Brandeis...-Goodhart: 70. Mr. Mason's book aims at a consideration 'of the public-welfare activities, the ideology, the...constitutional principles of Mr. Justice Brandeis.' The preface and methods of the work have, however, a more immediate purpose not unconnected with the economic aims of the present administration in the United States, in which the author sees the practical application of much of Mr. Justice Brandeis' philosophy and spirit...Mr. Mason's book is rather a tour de force - a happy finding, from Mr. Moore's point of view and sympathies, of a prophet who has lived to see something of his forecastings come true in President Roosevelt's handling of American affairs..." - 20 A.B.A. J. 365-366(1934) Contains bibliographic notes.
