# **The Spirit of Law Librarianship**

## **A Reader, 2nd Edition**

**By Roy M. Mersky & Richard A. Leiter**

The Spirit of Law Librarianship is unique because it serves two functions. For one, it is a book that describes and analyzes the Law Librarian profession and as such, can be used as a tool for learning or for teaching about law librarianship. For the other, the book serves as support for the Spirit of Law Librarianship Award. Initiated in 1992, this Award honors law librarians who engage in service to their communities beyond their roles as law librarians.

Service is the theme for this second edition of The Spirit of Law Librarianship. In this title, law librarians describe and analyze the profession of law librarianship and show how law librarians' skills can be used to provide service to the law library profession, the community, academic institutions, and the public.

This 2nd edition covers the twelve librarians that have received The Spirit of Law Librarianship Award from 1992 through 2004. These librarians tell you about the work or projects for which each received the Award.
